

Where To Go Wild Swimming Near Glastonbury

If you fancy cooling off in the warmer weather with some wild swimming, there are plenty of options here in central Somerset.

Here are a selection of places for an open water dip within a one hour drive of Glastonbury:

- **West Lydford** (18 minutes by car – 10 miles) – plenty of spots for a dip from the footpath which runs for 3.5 km along the river (Brue) – slip into the river via St Peter's churchyard (or jump off the bridge!). You can also become one with nature as the river is surrounded by calming weeping willows and water lilies. The locals have been plagued by litter, over-crowding, and bad behaviour so please be respectful when you visit.
